APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that in addition to the summer use as hereinafter designated, the permittee will be entitled to intermittent use during the non-summer season on the basis of not to exceed fifty gallons of water per capita per day. It is understood that the amount of water granted herein is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually used. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.15

cubic feet per second, and not to exceed 5000 gallons per day between June 1st and September 15th of each year.

Actual construction work shall begin on or before March 25, 1952

Proof of commencement of work shall be filed before April 25, 1952

Work must be prosecuted with reasonable diligence and be completed on or before March 25, 1954

Proof of completion of work shall be filed before April 25, 1954

Application of water to beneficial use shall be made on or before March 25, 1956

Proof of the application of water to beneficial use must be filed with State Engineer on or before April 25, 1956

Proof of commencement of work filed OCT 19 1951
 Proof of completion of work filed OCT 23 1952
 Proof of beneficial use filed OCT 23 1952

WITNESS MY HAND AND SEAL this 3rd day

of October, 1951.

Permit No. 3908 Issued Jan. 14, 1953 for 0.0067 cfs
